TAKE Solutions launches Regulatory Operations Hub in Bogotá, Colombia

July 7, 2015, Chennai: TAKE Solutions announced the launch of its new Latin America hub in Bogotá, Colombia. TAKE's expansion into Latin America will take advantage of the many benefits provided by Colombia, the third largest economy in the continent.

Colombia's location allows US-based clients to communicate with TAKE's regulatory professionals in close to or the same time zone. Colombia is also easily accessible from U.S. airports. It enables easy access to any Latin American client, provides good infrastructure, and a rich talent pool of professionals with a deep understanding of local and global regulatory requirements. With bilingual resources (Spanish and English), clients can communicate with the TAKE regulatory professionals easily and in their native language.

The Latin America hub will provide document, report and submission level publishing for simple and complex submission applications including life cycle management. TAKE also provides invaluable subject matter expertise in evolving electronic submissions standards, health authority specific guidelines and processes.

Additionally, License Maintenance services for marketed products can be effort-intensive and difficult to manage at optimal costs. TAKE provides continuous and cost effective support to Regulatory Operations in authoring and submitting variations, renewals and annual reports for marketed products across the world.

Srinivasan H R, Vice-Chairman and Managing Director, TAKE Solutions said, "We are very positive about our expansion into the Latin American region, enabling the team to function in a central time zone, among other parameters, which in turn allows us to provide better support to our clients. We foresee immense growth in our Life Sciences business via this expansion and will continue to do what is best for the customer".

About TAKE Solutions

TAKE Solutions is a leading domain focused technology company offering services/solutions to the global market. The company provides cost-effective and comprehensive solutions for enterprises across diverse sectors including pharmaceuticals, high technology, consumer packaged goods, oil/gas, and automotive.

TAKE Solutions encompasses specialized lines of businesses under distinct brands such as Navitas - a pure play Life Sciences company, TAKE Supply Chain & TAKE MEA - flexible, accessible, mobile Supply Chain software solution providers, APA Engineering - an International Sourcing and Engineering services company and TAKE Enterprise Services Inc. - a specialist provider of technology-driven business solutions and software services.
