## **TAKE Supply Chain Named as a SupplyChainBrain Top 100 - Great Supply Chain Partner for 2015**

*Feedback from TAKE Supply Chains' Customers and Partners Once Again Lands Company on Prestigious List of 100 Great Supply Chain Partners*

**Austin, TX –October 13, 2015**—TAKE Supply Chain, a division of TAKE Solutions and a leader in the Supply Chain Management (SCM) sector, has been named a “Top 100 Great Supply Chain Partner” by SupplyChainBrain. TAKE Supply Chain, a consistent Great Supply Chain Partner, offers leading supply chain collaboration and data collection solutions that enable organizations to take control of their supply chains for more rapid and more confident decision-making internally and across their trading partner networks.

Each year, the list of 100 Great Supply Chain Partners features a select group of companies whose customers recognize them for providing outstanding solutions and services. During the six month on-line poll, supply chain professionals were asked to nominate vendors and service providers whose solutions have made a significant impact on their company's efficiency, customer service and overall supply chain performance. “This year we received nominations for literally hundreds of solutions providers in every aspect of supply chain management,” said Brad Berger, SupplyChainBrain publisher.

“We are honored to once again receive this client-driven recognition,” said Brad Huff, EVP and General Manager of TAKE Supply Chain. “The innovation, focus and commitment to success that we deliver to our customers remains our top priority. To be nominated by our clients is a reflection of these efforts, as well as the strong relationships we have built.”
