Launch of a first Pharmacovigilance peer network - PV India

~A unique solution to address challenges faced by the Indian Pharma export market~

Mumbai, 1 December 2015:

TAKE Solutions, today announced the launch of **PVIndia**, a unique pharmacovigilance peer network, organized and managed by one of TAKE's Life Sciences division, **Navitas**. At the time when the pharma industry is facing business challenges and the government of India citing delayed regulatory approvals as a primary concern, it is imperative for Pharma companies to arrive at solutions to tackle these problems.

Benefits of Nets community

- Open network & Innovation
- Connection with 102 companies and 300+ global safety leaders
- Discussions on latest global regulatory and Industry Insights
- Peer exchange, Quantitative and Qualitative performance benchmark

In continuance of its efforts to establish itself as a Life Sciences thought leader, TAKE Solutions has announced the launch of 'Nets' in India. The network is aimed at providing a forum for the pharmaceutical industry to mutually discuss and ideate on solutions for challenges faced by them in the export market.

PVINDIA is an exclusive membership based network of emerging global pharma companies from India. The network will provide a bi-annual neutral forum for Heads of Safety and PV leadership of Global Pharma Companies to debate the latest subjects of interest and collaboratively generate insights on regulatory issues. Besides providing complimentary membership and access to pvtech for PV Heads of Information Technology, the platform will provide peer-to peer-

comparison of PV productivity data to set new standard for the PV system in India.

Furthermore, with the membership of 102 and 300+ global safety leaders participating in a year, the networks aids in exploring the value of Indian PV system in the global market. With a wide range of membership, the underlying objective of the network is to benchmark the best industry practices.

Commenting on the launch of this flagship network in India, Mr. Ram Yeleswarapu, President & CEO, TAKE Solutions said, "We are excited about spearheading this first-of-its kind network in India. Whilst we believe that drug safety can be a source of competitive advantage, we see greater mutual benefit in the sharing of experience. Through our pharmacovigilance networks; **pvnet**, **pvconnect**, **pvtech**, and **pvindia**, our vision is to shape the future of pharmacovigilance by providing PV leaders with an environment to meet and discuss alternative solutions with other industry thought leaders for the benefit of the industry as a whole."

He further added, "As a Life Sciences technology services provider company, it is part of our DNA to deliver services that will aid in innovating solutions for the escalating challenges in the Pharma industry. As we come together to form a community, we look forward to fostering collaboration through our network".
